

SIZE GUIDE

BABY

AGE	1-2 months	2-4 months	4-6 months	6-9 months	9-12 months	12-18 months
A. HEIGHT	56	62	68	74	80	86
B. CHEST	42	44	46	48	50	52

HOW TO MEASURE

- A. HEIGHT: Place child against a wall with legs together and measure from the top of the head to the floor.
- B. CHEST: Measure around the chest. Just below the armpit where the child is widest. The child must stand with arms down.
- C. WAIST: Measure around the waist, which is the narrowest place of the upper body. The child must stand with the arms down.
- D. HIP: Measure around the hips, the widest place on the bum.
- E. INSIDE LEG: Measure from the crotch along the leg down to the floor.
